My Brother Alephs,

Where do I see our chapter in a year? I see us having the number one attendance rate to all council and chapter events in all of Atlanta Council. My goal for this upcoming semester is to make Hazakah's online portion 100% useful. I want to work side by side with the Sopherim to revolutionize the website. I want more ways of communication other than email. With me as Mazkir not only can I revolutionize online Hazakah but the entire chapter. In order to achieve greatness, we must take the next step to communicate with the chapter.

Fraternally submitted with an undying love for... Wong the Tiger, Camp Barney, Atlanta Council #55 and my home and my heart Hazakah AZA #2458.

I humbly remain

Aleph Jordan Sidney Fox
